TABLE OF CONTENTS

Effect of genetic relatedness among parents on gain in salt tolerance in progeny of crosses of <i>Eucalyptus occidentalis</i> . By R. Hendrati, M. Byrne, E. Barbour and J. Plummer	45	Short Note: Cross-Species Amplification and Characterization of <i>Pinus</i> Chloroplast Microsatellite Markers in <i>Cedrus deodara</i> Roxb.. By H. S. Ginwal, P. Chauhan, S. Barthwal, A. Sharma and R. Sharma . . .	65
Genetic structure and diversity of <i>Polylepis australis</i> (Rosaceae) tree populations from central Argentina: Implications for forest conservation. By N. B. Julio, J. C. Rondan Dueñas, D. Renison and I. Hensen	55	Genetic variation in tree growth, stem form and mortality of <i>Guazuma crinita</i> in slower- and faster-growing plantations in the Peruvian Amazon. By J. C. Weber, C. Sotelo Montes, J. Cornelius and J. Ugarte	70
Primer Note: Development of Highly Polymorphic Nuclear Microsatellite Markers for Hinoki (<i>Chamaecyparis obtusa</i>). By M. G. Iwaizumi, A. Watanabe and K. Isoda	62	Selection Approaches in High-Elevation Coastal Douglas-fir in The Presence of GxE Interactions. By M. Stoehr, J. Woods and A. Yanchuk	79
