TABLE OF CONTENTS

Linkage map construction and QTL analysis for <i>Betula platyphylla</i> Suk using RAPD, AFLP, ISSR and SSR. By K. Zhang, D. Wang, C. Yang, G. Liu, G. Liu, H. Zhang, L. Lian and Z. Wei	1	Isolating of a putative glyceraldehyde-3 phosphate dehydrogenase (<i>GAPDH</i>) from <i>Calophyllum brasiliense</i> , an important tropical forest tree. By C. M. Patreze, D. B. Felix, F. R. Scarano and M. Alves-Ferreira	44
Influence of geographic distance and genetic dissimilarity among clones on flowering synchrony in a Teak (<i>Tectona grandis</i> Linn. f) clonal seed orchard. By N. Lyngdoh, R. P. Gunaga, Geeta Joshi, R. Vasudeva, G. Ravikanth and R. Uma Shaanker	10	Effect of monoclonal and assorted seedling rootstocks on long term growth and yield of <i>Hevea</i> clones. By T. Gireesh, Y. Annamma Varghese, K. E. Woeste, V.C. Mercykutty and J. G. Marattukalam	52
Gene exchange across a postglacial contact zone in <i>Fraxinus excelsior</i> L. By D. Gömöry, L. Paule, D. Krajmerová, I. Romšáková and J. Piecka	18	Early genetic evaluation of morphology and some wood properties of <i>Tectona grandis</i> L. clones. By S. Solórzano Naranjo, R. Moya and S. Chauhan	58
Chloroplast DNA variation in planted and natural regenerated stands of black locust (<i>Robinia pseudoacacia</i> L.). By H. Liesebach and V. Schneck	27	Diallel Crossing in <i>Pinus cembra</i> : V. Age Trends in Genetic Parameters and Genetic Gain for Height. By I. Blada and F. Popescu	66
Influence of altitude on seed and seedling characteristics in <i>Quercus leucotrichophora</i> A. Camus. ex. Bahadur. By K. P. Saklani, Bhupendra Singh and B. P. Bhatt	36	Clonal fertility variation and its effects on the effective population size in the seed orchard of dioecious species, <i>Fraxinus rhynchophylla</i> . By Kyu-Suk Kang and Chang-Soo Kim	79
