

# Silvae Genetica

ISSN 0037-5349

## TABLE OF CONTENTS

- Variability in Wild Germplasm of Natural Rubber (*Hevea brasiliensis* Muell. Arg.).  
By G. Prabhakara Rao, K. Suma,  
J. Madhavan and Y. A. Varghese ..... 81
- Clinal variation in *Pinus hartwegii* populations and its application for adaptation to climate change.  
By E. Loya-Rebollar, C. Sáenz-Romero,  
R. A. Lindig-Cisneros, P. Lobit,  
J. A. Villegas-Moreno  
and N. M. Sánchez-Vargas ..... 86
- Anatomical and Physiological Effects of Phytohormones on Adventitious Roots Development in *Larix kaempferi* × *L. olgensis*.  
By H. Han, X. M. Sun, Y. H. Xie,  
J. Feng and S. G. Zhang ..... 96
- Primer Note: A novel set of EST-SSR markers in *Tamarix*: a resource to characterize this genus.  
By S. Terzoli, E. Cattani, M. Sabatti,  
R. Valentini, A. Zilberstein  
and E. Kuzminsky ..... 104
- Genetic parameters for early growth and biomass traits of *Pinus radiata* D. Don under different water regimes.  
By S. Espinoza, C. R. Magni,  
V. Martínez, M. Ivković and W. Gapare ..... 110
- Aspects of sexual reproduction in rare monoecious *Populus nigra* var. *nigra* trees.  
By K. Novotná and P. Štochlová ..... 117
- Short Note: Development and characterization of 16 new polymorphic microsatellite loci for *Schima superba* (Theaceae).  
By Hong-Yu Niu, Wan-Hui Ye,  
Zheng-Feng Wang, Ying Chen,  
Hong-Lin Cao, Lin-Fang Wu  
and Zhang-Ming Wang ..... 124
- Genetic status of Norway spruce (*Picea abies*) breeding populations for northern Sweden.  
By P. Androsiuk, A. Shimono,  
J. Westin, D. Lindgren, A. Fries  
and X.-R. Wang ..... 127
- Development and characterization of 28 polymorphic EST-SSR markers for *Cunninghamia lanceolata* (Taxodiaceae) based on transcriptome sequences.  
By Y. Wen, S. Ueno,  
W. Han and Y. Tsumura ..... 137
- Wood physical properties, color, decay resistance and stiffness in *Tectona grandis* clones with evidence of genetic control.  
By R. Moya, J. D. Martín,  
O. Murillo and L. Leandro ..... 142

(Published in September 2013)
