TABLE OF CONTENTS

- Genetic heterogeneity in age classes of naturally regenerated old growth forest of *Picea abies* (L.) Karst.
By A. Wojnicka-Póltorak,
W. Wachowiak, W. Prus-Głowacki,
K. Celiński and A. Korczyk 185
- Genetic diversity of *Picea likiangensis* natural population at different altitudes revealed by EST-SSR markers.
By X. Cheng, Y. Jiang,
T. Tang, G. Fan and X. Huang 191
- Genetic analysis of European common ash (*Fraxinus excelsior* L.) populations affected by ash dieback.
By B. Fussi und M. Konnert 198
- Comparison of allelic diversity between native gene resource plantings and selections in open-pollinated progeny test of *Pinus radiata* D. Don.
By L. Zhang, N. Huanqiong, W. J. Gapare,
S. K. Dillon, X. Li and H. X. Wu 213
- Promotion of resistance of black alder clones (*Alnus glutinosa* (L.) Gaertn.) against *Phytophthora alni* ssp. *alni* by cyclolipopeptide producing bacteria.
By I. Zaspel, G. Naujoks,
L. Krüger and L. H. Pham 222
- Three microsatellite multiplex PCR assays allowing high resolution genotyping of white spruce, *Picea glauca*.
By P. Eusemann, P. Herzig,
M. Kieß, S. Ahlgrimm,
P. Herrmann, M. Wilmking
and M. Schnittler 230
- Investigating the Mendelian inheritance, genetic linkage, and genotypic disequilibrium for ten microsatellite loci of *Araucaria angustifolia*.
By L. Medina-Macedo, A. E. B. Lacerda,
J. Zanetti Ribeiro, J. V. M. Bittencourt
and A. M. Sebbenn 234
- Development and characterization of microsatellite loci for *Cedrela fissilis* Vell (Meliaceae), an endangered tropical tree species.
By F. B. Gandara, E. V. Tambarussi,
A. M. Sebbenn, E. M. Ferraz,
M. A. Moreno, A. Y. Ciampi,
R. P. Vianello, D. Grattapaglia
and P. Y. Kageyama 240
- In Memoriam 244
