

# Silvae Genetica

ISSN 0037-5349

## TABLE OF CONTENTS

- Juvenile growth of provenances and open pollinated families of four Russian larch species (*Larix* Mill.) in Swedish field tests.  
By *L. Karlman, A. Fries, O. Martinsson* and *J. Westin* ..... 165
- Early Realized Gains for Two-cycle Selection for Black Spruce and Their Implications for Testing Effort Allocation.  
By *Y. H. Weng* ..... 178
- Comparison of French and German sessile oak (*Quercus petraea* (Matt.) Liebl.) provenances.  
By *H. Grotehusmann* and *E. Schönfelder* ... 186
- Genetic Variation and Tree Improvement of Konishii fir (*Cunninghamia lanceolata* (Lamb.) Hook. var. *konishii*) in Taiwan.  
By *Jeng-Der Chung, Gordon Nigh, Ching-Te Chien* and *Cheng C. Ying* ..... 196
- The effectiveness of phenotypic selection in natural populations: a case study from the Peruvian Amazon.  
By *J. P. Cornelius, C. Sotelo Montes, L. J. Ugarte-Guerra* and *J. C. Weber* ..... 205
- Genetic Variation in Needle Epicuticular Wax Characteristics in *Pinus Pinceana* Seedlings.  
By *C. Ramirez-Herrera, K. E. Percy, J. A. Loo, L. D. Yeates* and *J. Vargas-Hernandez* ..... 210
- Microsatellite-based Genotyping of the Commercial *Eucalyptus* Clones Cultivated in China.  
By *F. Li, S. Gan, Z. Zhang, Q. Weng, D. Xiang* and *M. Li* ..... 216
- Density and wood biomass development in whole-tree analyses of Scots pine, and aspects on heritability estimates  
By *A. Fries* and *T. Mörling* ..... 224
