B. Mayer 493–500

**[Recrutement, croissance et répartition des
arbres dans la zone de transition entre la
forêt circumpolaire et la toundra]**

Tree recruitment, growth, and distribution at the
circumpolar forest-tundra transition: introduction

Contrasting climate- and land-use-driven tree encroachment
patterns of subarctic tundra in northern Norway and the
Kola Peninsula

Dendroclimatic relationships and possible implications for
mountain birch and Scots pine at treeline in northern
Sweden through the 21st century

Black spruce regeneration at the treeline ecotone:
synergistic impacts of climate change and caribou activity

Dendroclimatic response of a coastal alpine treeline
ecotone: a multispecies perspective from Labrador

Tree spatial pattern within the forest-tundra ecotone: a
comparison of sites across Canada
